

## DANCING THROUGH LIFE AMIDST THE TULIPS

LAKELAND FLOWERS' ABBOTSFORD TULIP FESTIVAL  
RETURNS WITH 35 ACRES AND OVER 100 VARIETIES

**For Immediate Release**

**March 7, 2025**

Lakeland Flowers returns with a three-month cascade of flowers, beginning with the Abbotsford Tulip Festival. Positioned as Canada's premiere tulip festival with 35 acres of tulips and lupins, the fields are set to create another remarkable display of colour.

"Our favourite time of year is approaching and we are excited to connect with everyone again," says Nick Warmerdam, owner of Lakeland Flowers. "We have some new photo opportunities along with bringing back fan favourites."

New this year are four golden pathways, giant klompen (traditional Dutch shoes), and the schoenen winkel (Dutch shoe store). Returning favourites include pianos to play in the fields, canoes to sit in, swings to glide on, bicycles and viewing platforms.

While April and May bring tulips and assorted field flowers, May and June feature over 30 combined acres of peonies, lupins, meadow flowers, and lavender. Lakeland Flowers closes for the season on July 1st.

The festival is open from dawn until dusk, tentatively scheduled to open on April 5th, and expected to close on Mother's Day, May 11th.

Food trucks will be on site seven days a week, live piano performances will be held from 6:30 pm to 8:00 pm on Thursdays and Fridays, from April 17th to May 11th, and live painting will occur on two Saturdays, April 26th and May 3rd.

Online tickets are available one week in advance with tiered pricing options for weekdays and weekends. It is strongly recommended that visitors purchase tickets online to not only receive reduced pricing, but to secure a time-slot.

Timely field reports will be provided on the website and social media channels.

Lakeland Flowers is the closest tulip festival to Greater Vancouver, located off of No. 4 Rd.

### About Lakeland Flowers

Lakeland Flowers is located on the unceded territory of the Semá:th First Nation. Flower farming runs deeply within the Warmerdam family, beginning with Peter Warmerdam in the 1950s, his son Nick in the 1980s, and Nick's children from the 2000s and on. Nick's farming background began with field-grown cut daffodils, gladiolas, peonies, and tulips before diversifying into greenhouse-grown tulips. Over the 50 plus years Lakeland Flowers has operated, it has grown and sold millions of fresh-cut flowers across Canada and the US. Today, the Warmerdams continue to grow and sell commercial tulips and peonies.
